

# Landscape Strategy Workshops

With the support of Hampshire County Council Landscape Architect, and thanks to the Aviva Community Fund grant, we are hosting two workshops to help us develop a long-term strategy for the development of the school's outdoor learning space. We are delighted to invite a range of stakeholders, from the children's school council, to staff, parents, governors and community volunteers running our allotment to participate in this exciting process.

"It was a real learning experience for us looking at the site as a whole has transformed our thinking."  
"It helped us realise what we have got already, what we do and don't need, in that sense it has helped us save money and use what we have effectively."

The aim of the workshops is to review the whole site: from the front of the school and bicycle parking, to active, creative, socialising, eating, natural play areas as well as outdoor curriculum and of course the sports facilities. We'll assess how it works, and then build a picture of how the school grounds could be redeveloped to maximise its potential.

We ask only that participants bring nothing but an open-mind! If you would like to join us (ideally attending both workshops if you can) please complete and return the form.

Wednesday 27th March, 3.45pm  
Tuesday 30th April, 9.30am

I ----- will / will not be able to attend the landscape strategy workshops at school (please tick as appropriate). If you are unable to attend, but have some experience in landscape design or construction, we would love to hear from you.

- Wednesday 27th March, 3.45-5.45 pm (What do we use the space for now?)
- Tuesday 30th April, 9.30-11.30 am (What would we like our grounds to be like?)
